Director (PS-III & Curriculum Development)

Sub: Discrepancy in Mathematics text book titled 'Secondary Mathematics'
(Class-VIII), January, 2010.

Dear Principal

With reference to the above cited subject, we would like to mention that -

1. The Unit -7 'Algebraic Identities' of the same book does not contain the **Identity $(a + b + c)^2 = a^2 + b^2 + c^2 + 2ab + 2bc + 2ca$** as mentioned on Page-29 of the Courses of Study & Scheme of Marking of Class -VIII (2010-11).

In this case, it is advised that the teachers must explain this **Identity $(a + b + c)^2 = a^2 + b^2 + c^2 + 2ab + 2bc + 2ca$** to the students of Class-VIII at their own level.

2. The other Identities as mentioned on Page - 98 in the Introduction Section (7.1) of the Unit-7 of the same book need to be added/explained to the students of Class-VII only.

We ensure that both these discrepancies will be discussed with the Editorial Group and rectified in the new editions, i.e. January, 2011 of these books.

This is for your information only.

With regards

Yours sincerely

(Nisha Peshin)
